PRESS RELEASE

The spring period for backyard burning of yard and garden trimmings by the private homeowner in Clark and Cowlitz Counties will begin October 27, 1978, and extend through sundown December 17, 1978. The burning is limited to natural vegetation from the yard and garden in the forms of leaves, clippings, prunings and other similar vegetation and must be conducted according to fire safety requirements of the Fire Department in which the person resides. No burning will be allowed that produces nuisance conditions. Burning will not be permitted in any fire control district after sundown. Burning will be allowed every day during this period; there will be no need to call the Southwest Air Pollution Control Authority or the fire department with the exceptions of the Camas and Washougal Fire Departments, for daily burning information. Fire control requirements vary from district to district. Following is a brief description of these requirements: No written permit is required from the Vancouver, Battle Ground, Woodland, Ridgefield and Yacolt Fire Departments. Fire Districts Numbers 1, 4, 5, and 6 require no written permit for yard and garden materials. A written permit is required for land clearing burning in Fire District number 1; no permit is required for such burning within Fire District numbers 4, 5 and 6 during this period. The Camas and Washougal Fire Departments require no written permit, but individuals must call the Fire Department prior to burning. The LaCenter Fire Department requires that a written permit be obtained.

The Washington State Department of Natural Resources Regulations apply to areas other than those listed above. In this area natural vegetation may be burned within the requirements established by that agency.

PRESS RELEASE

The spring period for backyard burning of yard and garden trimmings by the private homeowner in Clark and Cowlitz Counties will begin October 27, 1978 and extend through sundown December 17, 1978. The burning is limited to natural vegetation and other similar vegetation and must be conducted according to fire safety requirements of the fire department in which the person resides. No burning will be allowed that produces nuisance conditions. Burning will not be permitted in any fire department area after sundown. Burning will be allowed every day during this period; there will be no need to call the Southwest Air Pollution Control Authority or the fire department for daily burning information.

Fire control requirements vary from city to city. Following is a brief description of these requirements:

Longview Fire Department: Annual written permits must be obtained.

Kelso: Previously issued permits may be renewed by phoning the fire department. First time permits may be issued only after the fire department has inspected the proposed burning site. These inspections may be arranged by phone.

Castle Rock Fire Department: A written permit is not required.

Kalama Fire Department: A written permit is not required.

Fire District #2: Natural vegetation may be burned within the requirements established by the Department of Natural Resources.
