September 20, 1984

PRESS RELEASE

The Fall period for residential backyard burning of yard and garden trimmings by the private homeowner in Clark and Cowlitz Counties will begin October 1, 1984, and extend through sundown December 15, 1984. The burning is limited to natural vegetation from the yard and garden in the forms of leaves, clippings, prunings and other similar vegetation, and must be conducted according to fire safety requirements of the fire department in which the person resides. No burning will be allowed that produces nuisance conditions. Burning will be allowed every day during this period, unless specifically curtailed by the fire department due to fire hazard conditions.

Fire control requirements vary from city to city. Following is a brief description of these requirements:

Longview Fire Department: Annual written permits must be obtained.

Kelso Fire Department: Previously issued permits may be renewed by phoning the fire department. First time permits may be issued only after the fire department has inspected the proposed burning site. These inspections may be arranged by phone.

Castle Rock Fire Department: A written permit is not required.

Kalama Fire Department: A written permit is not required.

Fire District #2: Natural vegetation may be burned within the requirements established by the Department of Natural Resources.

PRESS RELEASE

The fall period for residential backyard burning of yard and garden trimmings by the private homeowner in Clark and Cowlitz Counties will begin October 1, 1984. The burning is limited to natural vegetation from the yard and garden in the forms of leaves, clippings, prunings and other similar vegetation, and must be conducted according to fire safety requirements of the fire department in which the person resides. No burning will be allowed that produces nuisance conditions, or during fire hazard conditions, such as a very dry or windy day. Burning will not be permitted in any fire control district after sundown. Burning will be allowed every day during this period, unless specifically curtailed by the fire department due to fire hazard conditions.

There will be no need to call the Southwest Air Pollution Control Authority or the fire departments, with the exceptions of the Camas and Washougal Fire Departments, for daily burning information. Fire control requirements vary from district to district. Following is a brief description of these requirements: No written permit is required from the Vancouver, Battle Ground, Woodland, Ridgefield and Yacolt Fire Departments. Fire Districts Numbers 1, 4, 5 and 6 require no written permit for yard and garden materials. A written permit is required for land clearing burning in Fire Districts numbers 1 and 6; no written permit is required for such burning within Fire Districts 4 and 5 during this period. The Camas and Washougal Fire Departments require no written permit, but individuals must call the Fire Department prior to burning.

The Washington State Department of Natural Resources Regulations apply to areas other than those listed above. In this area natural vegetation may be burned within the requirements established by that Agency.
