

Southwest Clean Air Agency
Air Discharge Permit Application Notice

Application Number	CO-1091
Affected Facility	Cowlitz Public Utility District LFG Generation Project 3434 South Silver Lake Road Castle Rock, WA 98632
Description of Facility	Electricity generation from landfill gas-fired combustion engines
Source Designation	<u>Major/PSD</u> The facility is subject to review under WAC 173-400-700 as a stationary source. Facility emissions will be greater than the applicable criteria pollutant emission threshold defined in SWCAA 400-030 for a "major stationary source". For this facility the applicable emission threshold is 250 tons per year of any single criteria air pollutant.
Purpose of Application	SWCAA has received a permit application for installation of six reciprocating internal combustion engines burning landfill gas to drive electric generators to produce electricity for sale. A Prevention of Significant Deterioration (PSD) permit application has been submitted to the Washington Department of Ecology for this project. SWCAA will be reviewing those pollutants not addressed by the PSD permit application. The application has not yet been reviewed to determine if it is administratively complete. The SWCAA permit writer identified below will be reviewing the application to make a determination of completeness and, if necessary, make a request for additional information. A copy of the application will be available to the public when the application is determined to be complete.
Affected Pollutants	The proposed permitting action is expected to impact emissions of the following pollutants: Nitrogen Oxides, Carbon Monoxide, Volatile Organic Compounds, Sulfur Dioxide, Particulate Matter Toxic/Hazardous Air Pollutants
Public Comment Period	A 30 day public comment period on the draft permit will be provided for this application pursuant to SWCAA 400-171(3). When complete, a copy of the draft permit will be made available at the SWCAA business office and posted on the SWCAA webpage under the "Permits and Appeals/Open for Public Comment" section at https://www.swcleanair.gov/permits/publiccomments.asp .
Opportunity for Public Involvement	Any person who wishes to review or comment on this application/permit may: <ul style="list-style-type: none"> • Contact the agency contact person identified below for more information; or • Request a copy of the draft permit via regular or electronic mail when available. Requests for a copy of the draft permit must be submitted to SWCAA in writing via letter, fax, or electronic mail no later than the date specified below. <p>During the 30-day public comment period, any person may:</p> <ul style="list-style-type: none"> • Provide comment on the draft permit. Comments must be submitted to SWCAA in writing prior to the end of the designated public comment period; or • Request a public hearing for the draft permit. Public hearing requests must be received by SWCAA in writing during the designated public comment period, indicate the interest of the person filing the request, and state why a hearing is warranted. A public hearing will be held if the Control Officer determines that significant public interest exists.
Application Dates	Date received:January 19, 2024 Date of public notice:January 24, 2024
