Notice to the public is hereby given that the Southwest Clean Air Agency (SWCAA) is providing a 30-day public comment period for the preliminary determination to issue Air Discharge Permit 20-3421 to Hardel Mutual Plywood in Chehalis Washington. This preliminary determination approves the installation of a new veneer dryer, modification of an existing thermal oxidizer and operation of an emergency diesel engine driven oil pump. This action will result in a minor increase in criteria pollutant emissions.

This material will be made available in other media, if necessary. All written or oral comments must be received by SWCAA within thirty (30) days after the date of publication. If there is a demonstrated significant public interest, a public meeting may be held at the close of the public comment period.
