

PUBLIC NOTICE

Notice to the public is hereby given that the Southwest Clean Air Agency (SWCAA) is intending to reopen Air Discharge Permit (ADP) 20-3398 for cause under SWCAA 400-110(10) to correct a calculation error in Condition 6, whereby an incorrect emission limit was established. ADP 20-3398 was issued to Vigor Works 4400 on April 16, 2020. A new permit, ADP 20-3398R1, will be issued with the correction pending the results of the public notice period. There is no change to any other portion of the ADP and there will be minor updates to the Technical Support Document (TSD). No conclusions or analyses documented in the TSD are proposed to change as a result of this correction. This action relates solely to text amendments resulting in no substantive changes respecting use or modification of the environment and is therefore exempt under SEPA per WAC 197-11-800(19)(a) and (b).

This proposed action will be given a fifteen (15) calendar day public notice per SWCAA 400-117(1)(a). A public comment period may be requested pursuant to SWCAA 400-171(1)(b), no later than **March 31, 2022**. Any request for a comment period must be limited only to the calculation error being addressed. Requests for a comment period must be submitted to the Agency in writing via letter, fax or email.

Materials related to this action are available for review at 11815 NE 99th Street, Suite 1294, Vancouver, Washington, Monday through Friday from 7:00 a.m. to 5:30 p.m.
