

Comment Notice Issuance of Draft Title V Permit

Notice Prepared: March 13, 2024

Permit Number: SW99-9-R4

Applicant: Clark Public Utilities – River Road Generating Plant
5201 NW Lower River Road
Vancouver, WA 98660

Action: SWCAA is issuing a draft Air Operating Permit (AOP) for the River Road Generating Plant. The draft AOP is a renewal permit, incorporating applicable requirements from Local, State and Federal regulations.

Facility Description: The River Road Generating Plant is a natural gas fired combined cycle combustion turbine power facility owned by Public Utilities District #1 of Clark County (Clark Public Utilities). The nominal generating capacity of the facility is 248 megawatts (MW). The River Road Generating Plant is currently operated for Clark PUD by a third party under contract.

The facility has five emission units: Combustion Turbine, Startup Boiler, Fuel Gas Heater, Emergency Generator, and Emergency Fire Pump.

Pollutant Discharge: Estimated emissions of criteria and hazardous air pollutants to the ambient air for the year 2022 are as follows:

<u>Pollutant</u>	<u>Actual Emissions (ton/yr)</u>
NO _x	69.57
CO	0.48
VOC	0.05
SO ₂	3.63
PM ₁₀	31.53
Total HAPs	3.02

Project Impact: This action does not change existing permit limits already established in federally enforceable Air Discharge Permits. All applicable requirements for the River Road Generating Plant have been compiled in draft Air Operating Permit SW99-9-R4.

**Additional
Information:**

Copies of the draft permit and basis statement are available on SWCAA's website at <https://www.swcleanair.gov/permits/publiccomments.asp> or upon request from Wess Safford at (360) 574-3058 extension 126.

The full text of the permit application and draft permit is also available for public inspection by appointment between the hours of 8:00 a.m. and 4:30 p.m. at:

Southwest Clean Air Agency
11815 NE 99 Street, Suite 1294
Vancouver, Washington 98682-2322

How To Comment: Please address all written comments to the address above. A public hearing may be requested within the comment period. Any request for a public hearing shall indicate the interest of the entity filing it and why a hearing is warranted. SWCAA may, in its discretion, hold a public hearing if significant public interest exists.

Comments Due By: April 12, 2024

**Comment
Response:**

SWCAA will examine all information received and issues raised during the comment period. Following this review, SWCAA may modify the permit to address concerns raised during the comment period. The proposed permit will then be forwarded to EPA for final review prior to issuance.
