

PUBLIC NOTICE

Notice to the public is hereby given that the Southwest Clean Air Agency (SWCAA) is intending on reopening Air Discharge Permit (ADP) 14-3109 for cause under SWCAA 400-110(10) in order to correct a typographical error in Approval Condition 1, whereby an incorrect oxygen correction was entered. This ADP was issued to the Vancouver Armed Forces Reserve Center on September 8, 2014. A new permit, ADP 14-3109R1, will be issued with the correction. There is no change to any other portion of the ADP and minor updates to the Technical Support Document (TSD). No conclusions or analyses documented in the TSD have changed as a result of this correction. This action relates solely to text amendments resulting in no substantive changes respecting use or modification of the environment and is therefore exempt under SEPA per WAC 197-11-800(19)(a) and (b).

This proposed action will be given a fifteen (15) calendar day public notice per SWCAA 400-117(1)(a). A public comment period may be requested pursuant to SWCAA 400-171(1)(b), no later than **May 7, 2020**. Any request for a comment period must be limited only to the typographical error being addressed. Requests for a comment period must be submitted to the Agency in writing via letter, fax or email.

Materials related to this action are available for review at 11815 NE 99th Street, Suite 1294, Vancouver, Washington, Monday through Friday from 7:00 a.m. to 5:30 p.m.
