

Comment Notice Issuance of Draft Title V Permit

Notice Prepared: May 22, 2020

Permit Number: SW20-24-R0

Applicant: Georgia-Pacific Consumer Operations LLC
401 NE Adams Street
Camas, WA 98607

Action: SWCAA is issuing a draft Air Operating Permit (AOP) for a facility operated by Georgia-Pacific Consumer Operations LLC. The draft AOP is a renewal permit, incorporating applicable requirements from Local, State and Federal regulations.

Facility Description: The affected facility is a papermaking mill located in Camas, Washington. The facility operates a single paper machine and associated converting operations to produce tissue and towels from purchased pulp.

Pollutant Discharge: Emissions of criteria pollutants to the ambient air and the expected change in emissions associated with this permitting action are as follows:

| <u>Pollutant</u> | Emissions (2018) <u>(tons)</u> | Change in PTE <u>(tpy)</u> |
|------------------|-----------------------------------|-------------------------------|
| NO _x | 156 | 0 |
| CO | 338 | 0 |
| VOC | 60 | 0 |
| SO ₂ | 20 | 0 |
| PM ₁₀ | 68 | 0 |

Project Impact: This action does not change existing permit limits already established in federally enforceable Air Discharge Permits. All applicable requirements for this facility have been compiled in draft Air Operating Permit SW20-24-R0.

Additional Information: Copies of the draft permit and basis statement are available on SWCAA's website at <http://www.swcleanair.org/permits/publiccomments.asp> or upon request from Wess Safford at (360) 574-3058 extension 126.

The full text of the permit application and draft permit is also available for public inspection by appointment between the hours of 8:00 a.m. and 4:30 p.m. at:

Southwest Clean Air Agency
11815 NE 99 Street, Suite 1294
Vancouver, Washington 98682-2322

How To Comment: Please address all written comments to the address above. A public hearing may be requested within the comment period. Any request for a public hearing shall indicate the interest of the entity filing it and why a hearing is warranted. SWCAA may, in its discretion, hold a public hearing if significant public interest exists.

Comments Due By: June 21, 2020

Comment Response: SWCAA will examine all information received and issues raised during the comment period. Following this review, SWCAA may modify the permit to address concerns raised during the comment period. The proposed permit will then be forwarded to EPA for final review prior to issuance.
