

PUBLIC NOTICE

Notice to the public is hereby given that the Southwest Clean Air Agency (SWCAA) is intending to reopen Air Discharge Permit (ADP) 19-3372 for cause under SWCAA 400-110(10) to correct a typographical error in Appendix A 4.b, whereby an incorrect oxygen correction was entered. This ADP was issued to Norwesco LLC on November 20, 2019. A new permit, ADP 19-3372R1, will be issued with the correction pending the results of the public notice period. There is no change to any other portion of the ADP and there will be minor updates to the Technical Support Document (TSD). No conclusions or analyses documented in the TSD are proposed to change as a result of this correction. This action relates solely to text amendments resulting in no substantive changes respecting use or modification of the environment and is therefore exempt under SEPA per WAC 197-11-800(19)(a) and (b).

This proposed action will be given a fifteen (15) calendar day public notice per SWCAA 400-117(1)(a). A public comment period may be requested pursuant to SWCAA 400-171(1)(b), no later than **August 6, 2020**. Any request for a comment period must be limited only to the typographical error being addressed. Requests for a comment period must be submitted to the Agency in writing via letter, fax or email.

Materials related to this action are available for review at 11815 NE 99th Street, Suite 1294, Vancouver, Washington, Monday through Friday from 7:00 a.m. to 5:30 p.m.
