

Comment Notice Issuance of Draft Title V Permit

Notice Prepared: March 1, 2023

Permit Number: SW08-15-R2

Applicant: Puget Sound Energy – Mint Farm Generating Station
1200 Prudential Boulevard
Longview, WA 98632

Action: SWCAA is issuing a draft AOP for the Mint Farm Generating Station. The draft AOP is a renewal permit, incorporating applicable requirements from Local, State and Federal regulations.

Facility Description: The Mint Farm Generating Station is a natural gas fired combined cycle combustion turbine power facility owned by Puget Sound Energy (PSE). The nominal generating capacity of the facility is 320 megawatts (MW).

The facility has three emission units: Combustion Turbine/HRSG, Cooling Tower, and Emergency Generator.

Pollutant Discharge: Estimated emissions of criteria and hazardous air pollutants to the ambient air for the year 2021 are as follows:

<u>Pollutant</u>	<u>Actual Emissions (ton/yr)</u>
NO _x	50.75
CO	5.58
VOC	11.44
SO ₂	4.25
PM ₁₀	27.90
Total HAPs	7.07

Project Impact: This action does not change existing permit limits already established in federally enforceable Air Discharge Permits. All applicable requirements for the Mint Farm Generating Station have been compiled in draft Air Operating Permit SW08-15-R2.

**Additional
Information:**

Copies of the draft permit and basis statement are available on SWCAA's website at <http://www.swcleanair.org/permits/publiccomments.asp> or upon request from Wess Safford at (360) 574-3058 extension 126.

The full text of the permit application and draft permit is also available for public inspection by appointment between the hours of 8:00 a.m. and 4:30 p.m. at:

Southwest Clean Air Agency
11815 NE 99 Street, Suite 1294
Vancouver, Washington 98682-2322

How To Comment: Please address all written comments to the address above. A public hearing may be requested within the comment period. Any request for a public hearing shall indicate the interest of the entity filing it and why a hearing is warranted. SWCAA may, in its discretion, hold a public hearing if significant public interest exists.

Comments Due By: April 3, 2023

Comment Response: SWCAA will examine all information received and issues raised during the comment period. Following this review, SWCAA may modify the permit to address concerns raised during the comment period. The proposed permit will then be forwarded to EPA for final review prior to issuance.
