DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 21-024

Description of proposal:

ADP Application L-3158: New products, transloading, and mixing operations. Applicant proposes to produce new products, and produce products, which had previously been imported. The proposed project does not involve any excavation, building construction or change in land use. Existing repair and service operations will continue unchanged. Impact on media other than air will be negligible. Air impact will be minimized by operational limits in SWCAA's air discharge permit.

Proponent: Arch Wood Protection (Nicholas Kamerath, Site Operations Manager)

Location of proposal, including street address if any:

532 Hendrickson Drive in Kalama, WA 98625

Lead agency: Southwest Clean Air Agency

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period in the DNS.
