DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 22-013

Description of proposal:

ADP Application CL-3176: The proponent has applied for approval to operate an existing facility that manufactures storage units for pickup truck beds. The new equipment will produce emissions of nitrogen oxides, carbon monoxide, sulfur dioxide, volatile organic compounds, and toxic air pollutants. At the emission levels proposed, this equipment will not have a significant adverse impact on ambient air quality. This permitting action is not expected to have any effect on traffic, noise, glare, housing, or recreation opportunities.

Proponent:
