**DETERMINATION OF SEPA EXEMPT - SWCAA 22-034**

**Description of proposal:**

Vancouver School District – Skyview High School submitted Air Discharge Permit (ADP) Application CL-3201 to the Southwest Clean Air Agency to approve combustion equipment at an existing high school. This project is exempt from SEPA requirements pursuant to WAC 197-11-800(3) since it only involves repair, remodeling, maintenance, or minor alteration of existing structures, equipment or facilities, and does not involve material expansions or changes in use. Also, the existing equipment permitted under this ADP are all located at existing facilities owned and/or operated by the Vancouver School District; therefore, SEPA would have been initially performed by the Vancouver School District as the lead agency.

**Proponent:** Jason Ackley – Maintenance Supervisor

**Location of proposal, including street address if any:** 1300 NW 139<sup>th</sup> Street, Vancouver, WA 98685

**Lead agency:** Southwest Clean Air Agency

The lead agency for this proposal has determined that the proposed project is exempt from SEPA under WAC 197-11-800(3) as follows: "The repair, remodeling, maintenance, or minor alteration of existing private or public structures, facilities or equipment, including utilities, recreation, and transportation facilities involving no material expansions or changes in use beyond that previously existing; ...". The proposed project is identified as maintenance of existing facility and as such it does not have a probable significant impact on the environment. Neither an environmental checklist nor an environmental impact statement (EIS) is required under RCW 43.21C.030(2)(c). This decision was made by the lead agency after review of the proponent’s proposal and the information on file with the lead agency. This information is available to the public on request.

This project/permitting action by SWCAA is SEPA exempt.
