DETERMINATION OF SEPA EXEMPT - SWCAA 23-016

Description of proposal:

NEP Application L-733: Operation of nonroad diesel engines in support of a temporary gas well workover project. The proposed project is limited to inspection and minor modification of existing facility infrastructure with no change in manner of operation or capacity. This project is exempt from SEPA requirements pursuant to WAC 197-11-800(3) since it only involves repair, remodeling, maintenance, or minor alteration of existing structures, equipment or facilities, and does not involve material expansions or changes in use.

Proponent: Puget Sound Energy - Jackson Prairie (Mark Anders, Operations Manager)

Location of proposal, including street address if any:
239 Zandecki Road, Chehalis, WA 98532

Lead agency: Southwest Clean Air Agency

The lead agency for this proposal has determined that the proposed project is exempt from SEPA under WAC 197-11-800(3) as follows: "The repair, remodeling, maintenance, or minor alteration of existing private or public structures, facilities or equipment, including utilities, recreation, and transportation facilities involving no material expansions or changes in use beyond that previously existing;" The proposed project is identified as maintenance of existing equipment and as such it does not have a probable significant impact on the environment. Neither an environmental checklist nor an environmental impact statement (EIS) is required under RCW 43.21C.030(2)(c). This decision was made by the lead agency after review of the proponent's proposal and the information on file with the lead agency. This information is available to the public on request.

☒ This project/permitting action by SWCAA is SEPA exempt.
