

State Environmental Policy Act

DETERMINATION OF SEPA EXEMPT - SWCAA 23-017

Description of proposal:

ADP Application CL-3225: The proponent has applied for a permit to replace existing rock crushing equipment with new equipment. This project is exempt from SEPA requirements pursuant to WAC 197-11-800(3) since it does not involve material expansions or changes in use. The new equipment will produce emissions of CO, NO_x, SO₂, VOC, and PM. At the emission levels proposed, this equipment will not have a significant adverse impact on ambient air quality. This permitting action is not expected to have any effect on traffic, noise, glare, housing, or recreation opportunities.

Proponent: TFT Construction, Inc. – (Jason Fender, General Manager)

Location of proposal, including street address if any:

Portable

Lead agency: Southwest Clean Air Agency

The lead agency for this proposal has determined that the proposed project is exempt from SEPA under WAC 197-11-800(3) as follows: "The repair, remodeling, maintenance, or minor alteration of existing private or public structures, facilities or equipment, including utilities, recreation, and transportation facilities involving no material expansions or changes in use beyond that previously existing; ...". The proposed project is identified as maintenance of existing facility and as such it does not have a probable significant impact on the environment. Neither an environmental checklist nor an environmental impact statement (EIS) is required under RCW 43.21C.030(2)(c). This decision was made by the lead agency after review of the proponent's proposal and the information on file with the lead agency. This information is available to the public on request.

This project/permitting action by SWCAA is SEPA exempt.

Responsible official: Clint Lamoreaux, P.E.

Position/title: Chief Engineer

Address: Southwest Clean Air Agency
11815 NE 99th St, Suite 1294
