

**State Environmental Policy Act
DETERMINATION OF NON-SIGNIFICANCE 25-031**

Description of proposal:

Knife River Corporation – Kalama Quarry submitted Air Discharge Permit (ADP) application CO-1117 to the Southwest Clean Air Agency in which the facility is seeking approval to install and operate a portable rock crushing plant. The plant consists of one jaw crusher and one scalper screen each powered by a nonroad diesel engine. At the emission levels proposed, this equipment will not have a significant adverse impact on ambient air quality. This permitting action is not expected to have any effect on traffic, noise, glare, housing, or recreation opportunities.

Proponent:

Jeff Steyaert, Environmental Manager, Knife River Corporation - Northwest

Location of proposal, including street address if any:

460 Kalama River Road, Kalama, WA 98625

Lead agency:

Southwest Clean Air Agency

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An Environmental Impact Statement is not required under Revised Code of Washington (RCW) 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- ☒ There is no comment period for this DNS.
- ☐ This Determination of Non-Significance is issued under Washington Administrative Code (WAC) 197-11-340(2); the lead agency will not act on this proposal for fifteen (15) days from the date below. Comments must be submitted by _____.
