

Agricultural Burning Permit: Application for Spot Burning

For Official Use Only

Permit No:

Zone:

Do you need an agricultural burn permit?

All commercial agricultural operations must get a permit before burning natural vegetation except when burning orchard pruning, natural vegetation along fence lines, irrigation and drainage ditches or natural vegetation blown by the wind. You must notify your fire protection authority and/or dispatch (check with your specific county) before igniting **any** fire, even if an air quality permit is not required. You must also call the burn hotline (1-800-633-0709 or 360-574-3058) to make sure it is a burn day.

What is a spot burn permit for?

Spot burn permits are generally for areas that are 1/2 acre or less in size, such as:

- Small weed patches
- Spots of heavy residue
- Equipment plugs and dumps

The spot burn permit is valid for the calendar year in which it is issued and is good for a cumulative total of no more than ten (10) acres of small spots during the year.

***NOTE:** This permit is not to be used for field burning where the proposed burn area is definable and predictable.

What is a Commercial Agricultural Operation?

The agricultural burning regulation (WAC 173-430) defines a commercial agricultural operation as a farmer who is practicing agriculture for commercial purposes and has filed an IRS schedule F form or its corporate equivalent.

How much does the permit cost?

The fee is \$37.50 for any burning under 10 acres.

When is burning allowed?

Burning is allowed during daylight hours only. Growers must call Southwest Clean Air Agency (SWCAA) (1-800-633-0709) for up-to-date local smoke ventilation conditions and burn only on declared burn days and during times specified. You must notify your local fire district before burning. For spots of less than one (1) acre, situations may come up that make it impractical to follow the daily burn decision. In these cases, no more than 1 acre may be burned but please make every attempt to burn only when emissions will be minimized (for example, midday). Also, you must follow your local fire protection authority burn notification/approval procedures and check to make sure there are no burn bans in place.

Completing the application:

1. Fill out the information requested.
2. Attach a map showing where you expect to burn. The map should include Section, Township and Range lines and roads. Identify acres/fields where spot burning will occur. (This may mean you map your entire farm).
3. Sign and date the permit application.
4. Mail the permit and your check for \$37.50 (non-refundable) to the following address:

**Southwest Clean Air Agency
5101 NE 82nd Ave., Ste., 102
Vancouver, WA 98662**

1. Is the applicant the operator? Yes ☐ No ☐

2. Is the applicant a: Business ☐ Individual ☐ Lessee/Renter ☐ Owner ☐

Applicant Statement:

Permit applicants are required to follow and obey all applicable provisions of the Washington Clean Air Act, Chapter 70.94 RCW, and Chapter 173-430 WAC, Agricultural Burning. The Applicant, if granted a permit, agrees to comply with the following conditions and any additional conditions contained in the permit:

1. **If you are demonstrating a necessity to burn by using a Best Management Practice (BMP), you must certify that you have read, understand and will follow the BMP specific to this type of burning; that you believe the proposed burning is reasonably necessary; and that no practical alternative exists.**
2. **You certify that you are a commercial agricultural operation as defined in Chapter 173-430 WAC.**
3. **You agree to grant Southwest Clean Air Agency (SWCAA) access to the acreage listed on any agricultural burning permit, including those private roads or access ways under your control that are required to obtain access to the listed acreage for the purpose of investigating conditions specific to any agricultural burning permit issued by SWCAA. To the extent reasonable and consistent with carrying out the duties of the agricultural burning permitting program, you will be notified and given the option to accompany SWCAA when accessing your property.**

I certify that the information provided as part of this application is true and accurate to the best of my knowledge. I have read, understand and agree to abide by the conditions above.
