

State Environmental Policy Act

DETERMINATION OF NONSIGNIFICANCE (DNS) – SWCAA 19-043

Description of proposal:

SWCAA Rule Revisions Fee Removal. SWCAA is proposing to change the manner in which federal regulations are incorporated by reference in multiple sections of SWCAA 400. Existing incorporations by reference citations contain an effective date as part of each citation. This practice leads to numerous and redundant date citations through the body of the rule, which are difficult to edit and keep current. SWCAA proposes to adopt a new stand alone rule section (SWCAA 400-025) that specifies a single effective date for all federal regulation incorporations by reference. Corresponding incorporation by reference citations in the remainder of the rule will be revised to cite the new rule section instead of individual effective dates.
